

APM Registered Project Professional (RPP)

Provek has a comprehensive and proven range of services that deliver success with senior project managers applying for the APM RPP designation. Used by major organisations, Provek's RPP services include briefings, a unique assessment tool, workshops, end to end remote support and on demand access to video recordings of all materials. All provided by RPP assessors.

Benefits of achieving RPP

To the Organisation

- Competitive advantage through enhanced delivery to clients and greater likelihood of project success.
- Supports continued development, growth and recognition of your senior project professionals.
- Increased market credibility and confidence from independent external assessment of your project professionals.

To the Individual

- Enhanced professional status, valued by employers and by clients.
- An opportunity to benchmark professional capability against the APM 5 Dimensions of Professionalism
- Excellent self-development through the deep reflection and analysis of own competences.

Provek RPP proven support package

APM Registered Project Professional (RPP)

Benefits of Provek RPP proven support package

To the Organisation

- Achieve a greater success rate and better return on investment of money and time
- Sift potential candidates and target investment appropriately
- Increased commitment of candidates throughout the application process with few drop outs
- Provide the very best support for candidates during Stage 1 and Stage 2 with expert advice from RPP assessors and on demand access

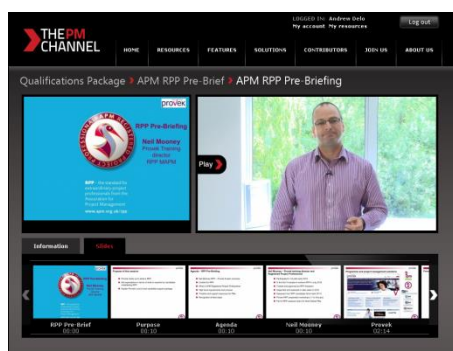

To the Individual

- Better chance of success
- Increased confidence in the application process
- Provide structure and motivation to complete application on time
- More efficient and focused use of own time
- Expert advice from RPP assessor end to end
- Feedback on strengths and areas for development

Provek APM RPP Readiness Checker tool

- Gives quick indication of an individual's readiness for RPP in terms of complexity of projects and core competences
- Report provided immediately in the tool
- Used to aid individual and organisation; but not required for actual RPP submission to APM

The PM Channel

On demand access to high quality video recordings of pre-briefing and Stage 1 workshop materials as well as guidance on the RPP Readiness checker

Provides instant access to all RPP support materials from Provek.

Useful either as a refresher for individuals who have attended face to face briefing and /or workshops or as a remote learning option for those unable to attend the workshops in person.

Chartership status

The APM anticipate that those who hold RPP will have met the competence required for any future Chartered standard.
